

5th May 2022 in Brno

Dear business partners,

We would like to inform you that on 4th May 2022 the Regional Court in Brno issued a resolution by which it decided to register the **new headquarters of the company FINAL Tools a.s.** The date of registration of the change is the date when the entry came into force, i.e. **5th May 2022** at

Tuřanka 1315/112, Brno Slatina, 627 00

The new premises were chosen with the aim of further developing the company, especially because of the need to acquire new modern machine tools, which will enable us to improve significantly the production of innovative FINAL tools.

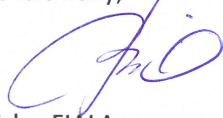

In addition to the change of address, the fixed telephone lines have also been changed. The changes can be found on our website. Other ID and contact details, including email addresses, remain unchanged.

You will find at the new address representative premises, modern technical facilities, reserved parking for our customers with easy access to the D1 motorway and a public transport stop directly at the headquarters (bus No. 75).

Please be aware of this change and use the new address on all tax and other legal documents.

Thank you for your understanding, respecting the above change and we look forward to continue working with you.

Yours faithfully,

Stanislav FIALA
Chairman of the Board of Directors
